TCD

Overall the algorithm is acceptable to MOAAMS group. The group felt like language needed to be inserted about early activation of helicopters (HELP) into the TDC document.

DJ will draft a letter of our recommendations for the trauma document prior to their May 7, 2011 meeting on trauma regulations. This letter will be sent to MOAAMS group first for approval and then once approved, to Dr. Mussufer.

FFA

½ page ad for 2011 FFA Convention Book is \$500. Med Flight logo inadvertently left off of ad. Jerry will call and make changes to the ad to include Med Flight.

MOAAMS Charity

Rob Newcomb passed out information on Backstoppers as a possible charity for MOAAMS to support. It is a charity which supports families of police and fire fighters killed in the line of duty.

Rob will get more information on who exactly qualifies for the charity benefit (public and or private EMS workers). Do EMS workers have to be a member of Backstoppers for their families to receive the money?

DJ will clarify with Natasha Ross (AAMS) about what is acceptable for fundraising at AMTC for our chosen charity.
